

2024 United Nations Cool Coalition

In April 2024, Agile8 Consulting Ltd and its COOLNOMIX products were accepted as members of the United Nations Cool Coalition Working Group. This membership reflects their dedication to advancing energy efficiency and climate-friendly cooling technologies globally. The UN Cool Coalition is a dynamic network that brings together a diverse group of stakeholders, including government bodies, cities, international organizations, businesses, finance institutions, academia, and civil society groups. Its mission is to facilitate knowledge exchange, advocacy, and collaborative action to accelerate the transition towards efficient and sustainable cooling solutions worldwide.
